**Your Entry:** Hi,

I just found this site 12/30/06. I was stationed at RAF Upper Heyford from Feb 1983 to Feb 1985. It was so much fun. There were a lot of great people. I worked for the Deputy Commander for Operations, and I learned so much during those years. I'm sorry that I didn't know about the Aug 06 reunion - I would have come.

**Your Entry:** Merry Christmas to all! Wow, it as been over three years since I first contributed to this guestbook (10/11/03, about page 207 by now). I have been lucky to have had contact with James Stewart (a special shout out) and Jim Beckett. For some history I was at Heyford in roughly '72 and '73 in MMS. I am still looking for Steve Fortelka, Ric Gill, Jim Engelbrecht, Bob Barth, Jerry Fuson, Jim Thiele, Gary LePine, that other Gary (?)(and James Stewart told me the last name too, yikes) and any others. I would like those that were at Nellis AFB with me in '71 to know I have also found Richard "Craig" Corbett, our old friend who never made it to Heyford, but had a few stops in Bentwaters, I hope to see him soon. So if any of you guys are lurking out there drop me a line. I am also trying to contact Maureen Gowing or her daughter Michelle Osborne from Cheltenham, any info would be greatly appreciated, I would just like to know thier well being and I hope it is good. I think of you both all the time. Again Merry Christmas to all Heyfordites and all others!

**Your Entry:** After almost 25 years of wondering where my ex-roommate from Chipping Norton was, we finally made contact last week due to this wonderful web site. I want to deeply thank Duane for all of his hard work that he has done putting this all together! Finding my "Heyford Bud" would not have been possible. Now I ask anyone out there who may be able to help me and my buddy. We had another roommate by the name of Barry D. Jones. He started his tour at UH in Jan 1981. He worked in the F111 Phase Docks in the 20th OMS & EMS. So if anyone has a lead on Barry please e-mail me. Many thanks again to you Duane!!!

Got there at 18 yrs young July 1984 and left when I was 20 Sept 86. Married a british girl and we celebrated our 20 year anniversary 04/19/06. I miss the old "D" flight DOGS, 7320th SPG Security side of the house. Do you remember the bachelor night at Baccus wine bar? How many of us had black eyes at guardmount that next day. Hope to here from some of you.

Here's to my work buddies from Automatic and Manual Test Stations: Arnold Lorea, Cindy and Tony Conrad, Dave Neave, Bob Mohler, Ken Pentinnen, Carl Evans, Butch Baker (King of Salsa), Louie Capuano, Al Banach, Jay Dickson, Ed Byrne, Scott Payment, Kevin Patton, Chris Rowe and Dave Johannsen, as well as Ralph and Trav in SRU Repair, who were never afraid to NRTS. Special nod to "Fast Eddie" Mailhout, inspiration for the Memorial Gold Brick Award.

Colonel aka Major Catherwood, the Shirt and Chief Deveraux for enabling the Out to Lunch Bunch, including founding members Anne Fayne Stanley and Rich Stanley (the Real Gold 7), John-John Field and Jim BoDiddle Bodley.

My SPS friends Kim Fipps, Kevan Lawrence, Mark Levy and Jesse Flynt, with our honorary Croughton mascot Susann Graham.

Best for last, my friend and fellow Brass Bar ratings judge, Cindy Fairweather McNally - one of us had to stay in and become a Chief.

My wife JoAnn worked in the Base Exchange office with Jan Allen (English), Linda Lorr (Ohio), and others; many names are long gone, unfortunately. I remember how tough it was to find a place to live off-base within commuting distance, how tough the Alerts were during the Oil War. We were outside Banbury and Whitney at various times. Remember how the fog banks would roll in and shut down operations? The only way to get home was to follow the cats eyes embedded down the centerline. I found google-earth to be a fun way to revisit. Best to all ...

I honeymooned in England in 1995 & went by to see the base. Odd feeling it being empty. It was a great tour of duty and as a young man (18) going there was wonderful opportunity. I've always been grateful to have gone there. I now serve as Mayor of my hometown and a retired USAF F111 pilot, Col. Joe Narsavage, lives here! Sculthorpe from Aug.55-Jul.58, and I think at one point the 55th was deployed TDY to Sculthorpe. My memory is not as good as it was once! I will check the site closely. Thanks for a great job.

For any of you finance weenies out there, Audrey Flowers was there and looks much the same. She is now employed at the Housing Office in Croughton. Thanks to Joe Schell and the others on the team for making this work and thanks to Jonathan for the pictures. I hope that the group photo taken of all of us will be posted to the web-site soon. Sorry Duane Park was not in attendance but you were honored at the opening ceremony. Cheers, Mike

Attended the reunion in August at Heyford and had a great time. There was a nice turnout but I think that the terrorist events of the Thursday just before that Saturday may have made it difficult for some to attend, perhaps. I was able to meet (after almost 23 years) a wonderful person from my Acct & Finance days, Audrey Flowers. But in all the events of that day I failed to get an address or e mail from her. Can anyone help me with that (she still lives in the Upper Heyford area I believe). Can't believe I made such an oversight! The bus tour of the base was super. Thanks to everyone who made the reunion happen. Nice job well done! And we sure missed Duane Parks. But he did get some recognition at the reunion so that was well deserved. Has anyone heard when they might post the group photos from the reunion? Keep up the good work Duane.

**E-Mail:** [maukabud@hotmail.com](mailto:maukabud@hotmail.com)

**City/Country:** Bend OR USA

**Your Entry:** My dad, Ssgt Charles(Chuck/Bud)Small (ret.,d), worked on the 111's from 1970 to 1973 (avionics,TFR)... we lived off base in Deddington, I went to kindergarten on base! We had a funky English "Standard 10" and our swanky American luxury car: a yellow 1966 AMC Rambler that seemed too big for the town roads! My dad loved the Red Lion pub in Deddington, hehheh. I remember sitting in a 111 cockpit in my miniature fatigues (complete w/ nametag and ssgt rank!), RAF Vulcan bomber flybys, fish n chips wrapped in newspaper, sitting up front up top in the old double decker busses! I was so young and culture shocked 3X over...born on Kadena AFB, Okinawa, then to Nellis AFB NV, then to England!  
If anyone is wondering, after Chuck returned stateside and retired from the Air Force, he returned to his other and first love: the ocean...working as a civilian on the Coast Guards boats electronics!! (in Atlantic City, NJ)  
Chuck finally retired around 1986, bought a big RV and lived the dream of "full time rv'ing" for awhile...he passed away far too early in 1998 from cancer, too stubborn to be hospitalized. Gone, but most definitely NOT forgotten, his month old grandson bears the name he had picked me to have: Jesse Thomas Small. I will be adding his name to the roster here. We miss our "daddy" very much, those England days made my family and I into the unique people we are today.

Also anyone who remembers the night under the dorm when the MOD cops came looking for a girl from the village and we gave them beer and took pictures wearing their hats. It was the first anniversary of bombing Libya party and Miller was on sale at the BX for \$3 a case! I met Andy and James coming the other way with empty shopping carts. Andy and Tony Gibson were awakened at an ungodly hour by the First Shirt and he demanded that the beer cans that we so lovingly built into a 4 ft by 10 ft pyramid be cleaned up. If you can vaguely remember that get in touch!!!

**Guestbook Entry:** Ahh, the fond memories of being stationed at "Upper Hemorrhoids". I recall spending an extensive amount of time out on the North End of the runway in a cammy-covered DP during a NATO TAC Eval... after being in alarm black for more than three hours, I decided to heat up some Campbells Soup on my sterno stove. Had my masked pulled back and about ready to eat my soup when out of the corner of my eye I spotted some rather shiny boots. Looking out from my cammy netting, there stood a NATO IG Team Member. The inspector asked me a few questions about my position, ROEs, entry requirements, etc.... once he was satisfied I knew my stuff, he told me to put the stove out and put my mask back on... he never reported me! Just one of my many fond memories of Upper Heyford.

Glad to see the home page! Thanks for giving us a method to reach out and touch one another.

Cheers,

Jeff Putnam

I spent the best years of my childhood walking around that base and exploring Lower Heford. Many a Saturday was spent at the bowling alley and the gym. The pictures of the old elementary school bring back fond memories, of walking down that long sidewalk from base housing past the football field in the fog. I can still remember all the hustle and bustle of being on alert. We lived on Portal drive, I swear I can still visualize the roads right up to the house. I was fortunate enough to be in the Boy Scout program there, I recall the Monday night meetings at the youth center and the great support from the base in providing us with tents and of course some great leaders. I hope to take my family back one day so they can taste the great fish and chips from the market in Bieenster. I look forward to more pictures, unfortunately I do not have any from our time there. Thanks for the memories.

The commissary and the 75% discounts; the free gas at the pumps; buying furniture from officers' billeting, and moving into base housing in Bicester. We were able to create a home away from home with our fellow Air Force families. It was a wonderful time in our lives and we remember it fondly. Thanks for the memories!

MSgt Edwin Woody was the Flight Chief, Capt Mike Arnold was the Shift Commander(As a rified C-5 pilot he wasn't to fond of being a cop). I can remember the first day getting of the bus and hearing ny name being yelled out. With out thinking I yelled back over here and when I turned around and I was face to face with a Bird Colonel, who I later learned was Col Tom Foley the Base Commander. It seems my sponsor was on leave and the SPS orderly room had forgotten to send over someone to meet me. Col. Foley grabbed my bags, threw them in his staff car and proceeded to give the VIP tour of Heyford and then delivered me to Bldg#446(SPS barracks). I later learned that Col Foley had been my dad's commander when he was in the service (He was also a SP). I can remember playing tag with the ART pickups in the WSA when it was foggy, working the VAWSA Safe Nest Towers, good old Security 9 (Chow Bus, the old 67 piece of junk, before the new one), working the ECP at the WSA as an alarm monitor. Some of the old guys were Gary Ficken, Karl Preuss, Jim Mantay, Ricky Secondo, Bubba Hope (crazy @#%\$! dog handler), Lyle Smith, Ma Fetner (man he loved those scooter pies in the box nasties), Jim Shy, Mac Owens, Jim Turnage, Jim Huber, Jim Porter (Flight Clerk), Ray Musselman, Lennie Martin, Alan Bogart, Frank Patrician, Bob Brown, Andy Goldstein, Ron Kircher (worked in the Armory), Ray Lempa, T.C. Millsaps, Amn. Oneishia( before they kicked him out for shooting the clearing barrel), Duane Parks, Cloudy Fairweather, Joe Flanino, Mert Laney, and so many more that my poor brain can't remember. Duane, I can not believe how much I have thought of those days, almost 30 years ago, and how much they meant to me, the days and friends of my youth. Thank You so much.

**Guestbook Entry:** I'm glad you guys are so proud of your old base and have such a detailed and interesting web site. I'm working my way through it.  
To us Brits, there was something fascinating about the F-111: I think the noise was pretty unique, and back in the bad (and pretty frightening) old days of the Cold War, there was something reassuring about the knowledge that we were being protected.

My only personal experience of UH was one Sunday night back in the mid-80's. My girlfriend (now wife) and I were stuck in heavy traffic north of Oxford and diverted through the back roads and through The Heyfords. It was around 7 pm and we saw an attractive pub (the name escapes me) and stopped for a drink. The walls were covered in pictures of US airplanes and it was clearly a place used by airmen. The place started to fill up with guys, and to a man, everyone greeted us and we even ended up talking to some of them. You wouldn't usually get that from English locals!

I still drive past the old place when the M40 is blocked; it's a bit sad nowadays.

You were (and still are) a credit to your nation and clear evidence of the 'Special Relationship'.

Best wishes,

Paul

**Guestbook Entry:** UH 3/87 to 3/89 in the EMS machine shop. My experiance at UH was truly the best time of my life. I suppose college boys say the same thing about those wet-behind-the-ears days, but I just fell in love with England.  
I worked with some great guys, they had to be - to keep from sneaking into my room and choking me! Sorry Norm, Eloy, Kenny, Mikey! Not sorry Dennis, David. Gary Jefferson, if you read this PLEASE give me a call. I had your baby and named it after you! I remember long nights getting Schlitz out of the beer machine at \$0.25 each and playing spades all night long. Getting a room accross from the NCO club. What a mistake they made putting me there! I had a couple of great suite-mates there. Hey Jose Rodrigues and Kevin "Boner" Morrow! Remeber that crazy video with Boner eating the marshmallow? Thanks for always flying and buying the pizza Kevin. You always had the guts to go up and talk to the cutest girls in The King's Arms in Oxford, but never the guts to answer their follow up questions. It has been mentioned here before, but man, I would love to get my lips around just one more Kebab from the little trailer with the sauce so hot it would melt concrete.  
I posted on here in the late '90s I think, so I thought that I would post again.

An attta boy and a Tango Yankee to Duane and all the contibuters to this sight. It brings back memories.

I don't have a lot of pictures from then so it is nice to see. Being young and having a bad case of tunnel vision as I call it I did not appreciate my time at UH. I did make some good friends while I was there and as I look back at it I did have some good times.

My first ORI there I spent 22 hours on a close boundry post with a radio that did not work improper clothing for a British spring and once we got off post we had to be back in 5 hours just to do it all over again. I look back at it and laugh now.

Anyone from that era or the 20 sps feel free to contact me.

God bless.

I was also a member of the Upper Heyford Aviation Society, who were fortunate enough to hold their meetings on base and to be "allowed" to receive visiting aircraft and aircrew for our meetings each month.  
I have many photos of the aircraft if anyone is interested in a particular one. I was also fascinated by the nose art and mission marks and would be interested to hear from anyone that has photos of these.  
The base is still missed by all of us enthusiasts in the local area and by the local population.  
I would be interested to hear from any aircrew (or anyone else!), if they fancy a "chat" about old times.

**Guestbook Entry:** I was stationed at UH Oct. 1986 to Jan. 1988. Short time, but best base I was at in my Air Force career. 20TFW Headquarters. Worked with Col. Thompson; Col. Neff; SSgt. David Sowers; Capt. Cindy Grindell-Sowers; Capt. David Varner; Capt. Rick Welch and his future wife Tracy who was the nurse that helped me have my son Michael(now an evangelist); and others I don't remember ranks..Becky Ritchie; Marquarite Napier; Jerry Molina; Chuck (Metz)? ;and my favorite friend- Marilyn Bussell; my old roommate Joan Berhernd; and the two people who mean alot to me; Doug and Linda Angle. We all worked at the 20TFW Headquarters and were like family.

I married one of the best WSO's; Captain (at that time, now retired Col.) James Patterson. We moved to RAF Lakenheath in 1988. We now live 3 minutes apart near Wichita, Kansas and raised both our boys(mike; 20 an evangelist); (anthony now 18..headed for ROTC Air Force, wants to negotiate between countries during war and peacetime)both in college despite our divorce.

James remarried right away while I spent 13yrs before finding the true love of my life and becoming an instant Grandma. I loved RAF UH and adore coming to this site. My new husband and I will be having a honeymoon in England in 2007 and I know I will cry when I go to the now closed base. I promise to take pictures.

Would love to find some of the people I mentioned or even hear from some of the people who might remember that redhead who was a Sgt. in Operations Intelligence

at Headquarters and at the time was a very busy pregnant (still single) mom to be and then mom.

My office supplied me with not just the items to help have my baby; but the support I didn't receive from my family. I'll never forget that kindness and I even still have their cards. What great young men I have as children now!

As you can see, UH didn't only mean 15-17hr. days in Chem gear stuck in the mission command vaults until getting blown up and moving over to the "alert" building hoping someone would "kill you off" accidentally, (but they couldn't because of my level 4 top secret) Ugh!!!; watching the F-111's take off after briefing the flyers (my ears still hurt); the enlisted and O clubs and the girls who waited outside of them and the first McDonalds that came to the village I lived in...Banbury. LOVED IT.

RAF Upper Heyford was a place that bonded so many people together..it was for the shortest time..my favorite home I've ever been at. I miss it and England; a gorgeous country.

Thanks Duane for this site, I come back every once in awhile and see what's happening. It truly means alot and it makes me remember!!! thanks. brenda dennison-youngers

**Guestbook Entry:** It was nice to find this website. I was in the 20th SPS from 78-80 and have some pretty fond memories. Tracy Scarbrough was one of my best friends. I also have some bad memories, like being left out at the end of the "27" runway, in a bunker, with just a m-60, a 45 and a flare for 36 hours...{only use the flare in an emergency!} and no radio during the Iran Hostage {due to the fact that we ran out}. I ended up getting Honorably Discharged after I got into a car wreck with the daughter of some high up guy that worked with British Leyland. We were both hammered But she was driving and She crashed the car into a ditch and i was trying to get the car out of the ditch when the Bobbies arrived, and since i was in the drivers seat, i was the driver, and i was busted!!!!I also was not a model airman, so out i went....I have to admit that i also did not have the best attitude either due to the fact that i signed up to be a jet mechanic and due to the fact that i was 16 years old and homeless { due to beating up a counsler at my foster home} my recruiter fed me, clothed me, and as i was getting on the plane at Oakland he told me that the only way i could go in at that time was as an SP, and i could change back to what i wanted to be after i got to Lackland, so not wanting to be homeless anymore i went along with the program, and much to my dismay, when I talked to my DI, He laughed and said i could do that when i re-upped.....boy did i feel screwed. Anyway that had alot to do with my bad attitude along with some other incidents, but dont get me wrong, i will still fight to the death for my country, but i got screwed by our Government.....go figure....

**Guestbook Entry:** First and foremost I would like to thank Duane for this site. I was stationed at Heyford from 1990 until 1993. I worked in the 20 FW/MATD as the Jet Engine instructor also Jet Engine run classes. WOW is all I can say about my assignmnet at the Haystack. I worked with some very fine people George Burgess, Vern Fischer, Tom Trigg, Andy Whitney, Brian Ratigan, Eric Verdon, Kim Bryan, Lisa Raihl, Jean Warner and Tsgt Skalberg.  
If anyone knows these people or how to contact them I would appreciate you notifying them or myself. I lived in the old Greenham Common housing in Grove Wantage. Met some very nice locals and took a group to Greenham for some Bowling. Also if anyone knows how to contact Sue and Sam Harlan. Sue worked in the phase Docks. Hope to hear from long lost friends. And remember Rest well For Heyfords on Alert.

Capporelli, Sam Powell whom I shot 5 bullets into his target to help him qualify so he wouldn't have to go on augie doggie. The instructor caught me and I got in trouble for that. Also James Surdam, Ken Sasser, Americo Paredes, Ricky Parker, Allen, Donna Calone, Charlie Bollinger, Luddington. In Inspection Jackson, Devine, Grahm, and Pepper. Delivery had Shoemaker, Tommy Newsome, Cooney and Gilmore whom PCS'd before I arrived but stories of him and Luddington were Legendary. Upstairs were David Wilkerson, Charles Nelson III. From the Racc was Larry Vargas, Erin Mayr Vargas and Chief Ayella RIP. At whse 15 was Ford. Other GI's were Green, Norton, Greg Burwell whom I took out to the Castle in Edge Hill got him drunk which pissed off Valerie his wife. That was lots of fun! I remember this. On the job we worked hard, very very hard. When we played we played hard. God bless all those that came before me, those in my time and those after. When I first found this website my heart was broken because I found out that Heyford was closed. I hope I can make it to the reunion.

I watched from the weather observer shack on the control tower as the first F-111s arrived and the again as the last F-100s left there. Had some of the best times of my life there as it was my first assignment out of tech school. I was in one of the lesser known tenant units there...Det 17, 28th (later 31st) Weather Squadron. I was also one of only two guys (later the only guy)that were part of the cheerleaders squad in 1973 when we won the USAFE football championship. What a party!!! I still have my SKYKING potatoman patch. The jacket has long since worn out.
